DESCRIPTION:

Anti-slip treatment

**ADES 30** is a non-slip treatment for floors and bathtubs. Easy to apply. Instant results. The product reacts with the surface creating millions of anchor points as small suction cups that increase friction on smooth surfaces. Non-slip properties appear when surfaces get wet. It does not form film. An application lasts 15 years.

**APPLICATION:** Polished bath tubes surfaces, shower flooring, granite, enameled ceramic, stoneware, tile, porcelain, polished concrete, terrazzo. It is not valid on marble or on painted or plastic surfaces.

**HOW TO USE:** It is advisable to do some **test** in a not very visible area to adapt the reaction time to the surface (The product may cause a loss of brightness). The surface must be clean and dry.

- 1) Spray or spread the product on the surface to be treated. If it is a large area, apply to areas of 10-20 m2.
- 2) Leave on the recommended time
- 3) Rinse with water

Contact time:

Glazed porcelain (Bathtubs, showers): 5-10 min

Granite, porcelain: 2-10 min

Concrete, terrazzo: 5-10 min

Stoneware, glazed ceramic, tiles: 2-5 min

H301 - Toxic if swallowed; H310 - Fatal in contact with skin; H314 - Causes severe skin burns and eye damage; H332 - Harmful if inhaled; P280: Wear protective gloves/protective clothing/eye protection/face protection; P301+P310: IF SWALLOWED: Immediately call a POISON CENTER/doctor; P301+P330+P331: EN CASO DE INGESTIÓN: If Swallowed: Rinse mouth. Do NOT induce vomiting; P302+P352 IF ON SKIN: Wash with plenty of water; P303+P361+P353: IF ON SKIN: Take off immediately all contaminated clothing, Wash with plenty of water; P304+P340: IF INHALED: Remove person to fresh air and keep comfortable for breathing; P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes.
