

## Technical Information

11.18

<b>Product:</b>	<b>SG Polishing Wax</b>	
<b>Item number:</b>	2600	
<b>Product type:</b>	Wax-based, polishable	
<b>Nature of the product:</b>	White liquid.	
<b>Properties:</b>	SG Self Polishing wax is a solvent-free product for labour-saving floor care. The care film dries with gloss and can be polished to a high gloss after complete drying. Suitable for all floor coverings except unsealed parquet, wood, stone and water-sensitive rubber.	
<b>Application:</b>	Clean the floor with a suitable basic cleaner, e.g. PUDOL Basic Cleaner Beta, wipe with clear water and allow to dry. It is important that all residues of the basic cleaner used are thoroughly removed! Apply SG Self Polishing wax thinly and evenly to the neutralised, dry floor with a clean lambskin wiper. Allow to dry thoroughly. After a waiting time of at least 1 hour (depending on the local conditions), apply a second, thin film in transverse direction.	
<b>Consumption:</b>	Single application: 1 L product is sufficient for approx. 25 m <sup>2</sup> . Double application: 1.5 L product is sufficient for approx. 25 m <sup>2</sup> . These specifications are only approximate values; for highly absorbent surfaces, additional consumption must be expected.	
<b>Ingredients as per regulation (EC) No. 648/2004/EC:</b>	< 5% non-ionic surfactants; BENZISOTHIAZOLINONE, METHYLISOTHIAZOLINONE.	
<b>Special information:</b>	Contains 1,2-Benzisothiazol-3(2H)-one. May produce an allergic reaction.	
<b>Storage:</b>	Store and transport it under frost-free conditions.	
<b>Packaging unit:</b>	1 l bottle, 12 pieces in cardboard box, 10 l canister / 60 canisters per pallet
