Directions for use:

For Bonding applications:

Apply adhesive in vertical stripes with 10-20cm distance between them. Do not apply adhesive in dots.

For Sealing applications:

Apply an even bead along the area to be finished and smooth using a tool or soft scraper.

Clean up with soapy solution before skin formation.

Replace cap after use.

Allow to cure for 24 hours before use.

Retailer Opportunity:

- TopSeal can be sold with all kitchen and shower/wall panel installations.
- As TopSeal has excellent grab and gap filling properties it is much more suitable for Backsplashes and Upstands than regular silicone.
