

## Ficha Técnica

# Water-based Multipurpose

## Descripción

Anti-oxidant water-based protector and sealant for metal supports, plastics, wood, PVC, plasters, etc.

Based on special acrylic resins and anticorrosive pigments capable of offering adequate protection with easy application, quick drying and repaintable with most finishing paints.

## Propiedades

- Adequate surface protection.
- Easy application.
- Fast dry.
- Repaintable with a large number of finishing paints.

## Certificados de empresa

## Datos técnicos

### Datos de identificación del producto

Color	White & Grey
Aspecto	Matt
Naturaleza	Acrylic copolymers
Peso específico	1,35 g/cm <sup>3</sup>

### Datos de aplicación del producto

Herramienta	Brush, roller, spray gun or airless
Rendimiento	8-10 m <sup>2</sup> /L/Coat
Diluyente	Thinner for water-based paints and enamels
Repintado	12 hours
Secado	1 hour

### Prestaciones finales

Resistencia al frote en húmedo	5
--------------------------------	---

## Dónde aplicarlo

Ideal for metal, plaster, wood surfaces, etc.

## Precauciones

- Do not apply at temperatures below 5 °C or above 30 °C.
- Do not apply at risk of frost or rain.
- Do not apply in strong wind conditions or under direct sun.
- Avoid using different batches in the same cloth or, failing that, mix the current jar with the next one 50% to reduce the normal differences between batches.

## Modo de empleo

Stir the contents of the container well. Product for use does not need to be diluted or diluted minimally.

Surfaces must be degreased, deoxidized, clean and dry and thin coats will be applied with minimal dilution.

If the surface is already rusty or painted in poor condition, it will be sanded and the rust or paint will be completely removed before proceeding with the application.

In case of remaining rust, apply 1 layer of Jafep Rust Neutralizer and then apply the undiluted layer of Multipurpose

## Almacenamiento

- In its original closed container, at non-extreme temperature and humidity.
- Keep away from direct sunlight.
- Maximum recommended since manufacturing: 2 years.

## Formatos

Containers: 750 ml & 4 L
